Full Stack Developer with experience working on projects using JavaScript, Python, NodeJS, React, Redux, SQL, and other industry technologies. Possessing creative thinking, problem-solving skills, teamwork, effective communication, and autonomy.

PROJECTS:

Full Stack Web Developer - ECOMMERCE   (Mar. '24 - Present)

Development of an e-commerce platform from conception to implementation. The project encompasses design, frontend and backend development including login, payment gateway (Mercado Pago), combined filters, local storage, reviews, favorites, email notifications, soft deletes, creation of new products, admin dashboard, content card display, routing, and the development of a relational database. This will create an attractive and user-friendly interface.

Technologies: Django, React.js, Redux.js, JavaScript, Python, HTML, CSS, Tailwind.

Full Stack Web Developer - AGENCIA DE MARKETING   (Nov. '23 – Mar.24)

In my role as a Full Stack Web Developer at AGENCIA DE MARKETING, I led thedevelopment of a comprehensive web application, achieving key milestones:

- Success Stories and Services: Designed impactful sections to showcase successstories and offered services.
- Corporate Information and Careers: Developed an "About Us" page and a careerssection, enhancing connection with visitors and candidates.
- Dynamic Blog and Intuitive Contact: Created an interactive blog and optimized thecontact interface to improve user engagement.

Technologies: Django, React.js, Redux.js, JavaScript, Python, HTML, CSS, Tailwind.

PROFESSIONAL EXPERIENCE:

Full Stack Developer - Henry Hero (May '23 - Jul '23)Academic
Experience: Henry Bootcamp
Guided new students by solving their tasks and answering questions about the technological tools used in the field.

OTHER EXPERIENCES:

Administrative (Apr '21 - Jan '23)
Institute Superior General Jose de San Martin, Santa Fe, Argentina.

Managed administration and collections for the institution, overseeing the financial process and ensuring timely payments. Responsibilities included issuing invoices and statements, tracking and recording payments, and proactive debt collection through communication with parents, payment reminders, and, in some cases, implementing payment agreements.

Maintained accurate and updated financial records, collaborating with other departments for efficient financial management.

TECHNOLOGIES:

JavaScript, Python, Django, React, Redux, NodeJs, PostgreSQL, Express, HTML, CSS, Vite, Bootstrap, Tailwind.

PROFESSIONAL EDUCATION:

- Analyst Programmer, Esba Barrio Norte, 2022 - 2023.
- Full Stack Web Developer, Henry Bootcamp, 800 hours of theoretical and practical coursework, 2023.
- Courses: HTML5, CSS, Programming Logic, Python, Udemy, 2023.
- Scrum Fundamentals. CertiProf, Oct. 2023

LANGUAGES:

English A2 – Elementary (I am currently undergoing training to advance to a higher level)
